ABOUT THE INSTITUTION

Guru Nanak Dev University was established at Amritsar, India on November 24, 1969 to commemorate Guru Nanak Dev's birth quincentenary celebrations. The university has marked its emblem across the globe and is continuing its journey of achieving new heights in pursuance of its cherished goals. University Grants Commission (UGC) has granted category-1 status to the university, the only university to get this ELITE STATUS in the region of Punjab , Haryana , Himachal Pradesh & Chandigarh . Improving its rank from last year, Guru Nanak Dev University has been ranked 59 in the All – India university ranking released under the national institution ranking framework (NIRF) by the Ministry of Human Resource Development (MHRD), Govt. of India. Guru Nanak Dev University (GNDU) being a State University became the first university to get approval of School of Education. The SOE endeavors to provide programmes of excellence in pre-service and in-service education of prospective and practicing teachers through teaching and learning, research, consultancy, publication and community services.

ABOUT THE WORKSHOP

School of education (PMMMNMTT), of Guru Nanak Dev University organize a one week workshop on Develop Design Deliver MOOC Course for teacher Educators under Pandit Madan Mohan Malaviya National Mission on Teacher and Teaching. This scheme was launched with an intent to improve quality in educational development at all stages of education. The theme of this workshop is to sensitize the participants about the digital initiatives of Gol in Higher Education and to Develop MOOC Course as a tool for teaching in a blended mode. The workshop includes lectures as well as extensive hands on training which will provide both theoretical and practical exposure to the participants. The participants will get hands on training on development of e content, various web tools for development of MOOC and use of MOODLE as learning management system and draft will be submitted by participants on the completion of the workshop. *Participants will experience and learn about blended/online learning, instructional design strategies, Canvas tools and techniques, and other web-based tools to support the teaching and learning process.*

OBJECTIVES

- To acquaint participants with various OER's.
- To familiarize the participant with various mobile learning tools.
- To acquaint participants with Canvas tools and techniques
- To development understanding about various web based tools used to support the teaching and learning process.
- to take the participants through the planning, design, and implementation process of creating a blended or online course;

- to provide an opportunity to experience a “blended format” course; and
- to give the opportunity to create blended/online materials and/or courses on their own.
- To use MOODLE to transact the curriculum and for the effective management of student services in classroom.
- to comprehend and apply free open source software (FOSS) tools for concept integration in classrooms and designing practical solutions.

TARGET GROUP

Teacher Educators and teachers in higher education will be considered as the participants of this workshop. Number of participants will be 30.

WORKSHOP CONTENTS

- Design & develop a specific MOOC course
- Canvas tools and techniques.
- Various web based tools.
- E-learning and Virtual Environment
- The technology and Pedagogy supporting MOOCs
- Creating effective Flipped classrooms.
- Adoption of e-resources for innovative Teaching learning process.
- Online course Instructional Design & best practices.
