ABOUT THE INSTITUTION

Guru Nanak Dev University was established at Amritsar, India on November 24, 1969 to commemorate Guru Nanak Dev's birth quincentenary celebrations. The university has marked its emblem across the globe and is continuing its journey of achieving new heights in pursuance of its cherished goals. University Grants Commission (UGC) has granted category -1 status to the university, the only university to get this ELITE STATUS in the region of Punjab , Haryana , Himachal Pradesh & Chandigarh . Improving its rank from last year, Guru Nanak Dev University has been ranked 59 in the All – India university ranking released under the national institution ranking framework (NIRF) by the Ministry of Human Resource Development (MHRD), Govt. of India. Guru Nanak Dev University (GNDU) being a State University became the first university to get approval of School of Education. The SOE endeavors to provide programmes of excellence in pre-service and in-service education of prospective and practicing teachers through teaching and learning, research, consultancy, publication and community services.

ABOUT THE WORKSHOP

Effective instructional strategies in language learning incorporates meaningful and purposeful activities that provide students with opportunities to use language in active communication. Teachers need to understand how to design the environment in a language classroom so as to optimize language and literacy learning and to avoid linguistic obstacles to content area learning. Beyond teaching children to read and write in school, teachers need to help children learn and use aspects of language associated with the academic discourse of the various school subjects. This workshop will help the participants to understand how language works and to plan instructional strategies in the language classroom to expand the linguistic horizons of the students.

OBEJECTIVES:-

The participants will be able to:

- Become aware of how language functions in various modes of communication across the curriculum.
- Adopt a conversational approach replicating real situations likely to occur.
- Identify and teach the language vocabulary and structures found in specific content area.
- Ensure a match between the learner and the language in term of relevance and learning styles.
- Use technology in a language classroom.
- Develop modules of various instructional strategies for language teachers.
